

## Building Instructions

1. Cut out around the outside edge of the buildings
2. Follow the construction directions for making the train cars.
3. After stitching between the building sections and before sewing into the box shape, sew the 1/2" x 3-1/2" strips of hook side Velcro to the building where indicated. The velvet side (loop) of the Velcro will be sewn to the playmat.
4. Continue following directions for making the train cars.
